THE MONSOON MENU

A CHEF'S SPECIAL MONSOON TASTING MENU

The monsoon has a way of slowing time. It brings with it the scent of wet earth, the comfort of familiar flavours, and memories that linger long after the rain has passed.

The Rain Edit is Rungg's seasonal culinary journey inspired by the beautiful sights, aromas, landscapes, and nostalgia of the Indian monsoon. Every course celebrates a different chapter of the season, taking you from the aroma of the first rain and rain-soaked forests to bustling streets, flowing rivers, comforting meals, and the nostalgia of moments shared with loved ones.
